# Radar Systems Technology

7A-177

A large informational wall panel featuring logos for EMC, Anemtime, KIRTA, and TCI. It includes several images: a close-up of a blue textured surface, a radar antenna, and a radar display. Text on the panel describes various radar systems and their applications.

A tall, black cylindrical display stand with a glass top. It contains several brochures and informational materials. A man in a pink shirt is seated at a desk behind the stand, looking at a computer monitor.

A white brochure rack filled with various informational materials, including brochures and a magazine titled "JOURNAL".

A man in a white short-sleeved shirt and dark trousers stands with his back to the camera, looking at a display. He is engaged in conversation with a woman in a blue top.

A woman with short white hair, wearing a blue top, is smiling and talking to the man in the white shirt. She is standing behind a counter with a computer monitor and other equipment.

A white brochure rack with a blue sign on top. The sign reads: "Since our beginning in 1962, Radar Systems Technology has worked hard to bring a better, more accurate, and more reliable product to you by representing companies that are innovative, progressive, and competitive in the areas of R&D, Manufacturing, and Distribution." The rack contains several brochures.

A tall, black cylindrical display stand with a glass top, similar to the one on the left. It contains brochures and informational materials. A man in a white shirt is seated at a desk behind the stand.

A vertical display board on a stand. It features a large image of a radar antenna and some text. The text includes "www.com/ind1.html" and "2012".
